

WHO WE ARE

We're the largest electric and natural gas utility in Pennsylvania.

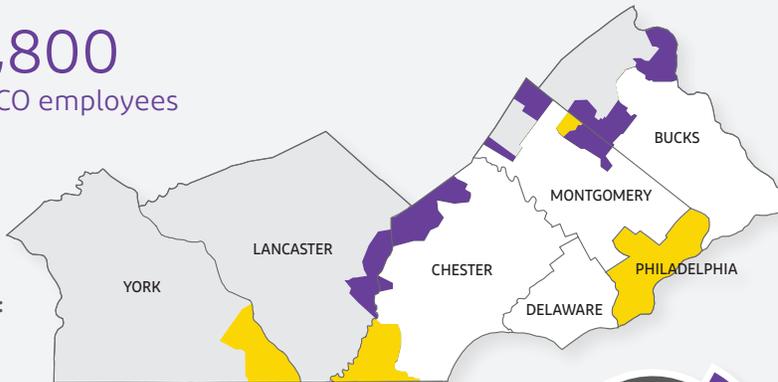

1.7 million
electric customers

545,000
natural gas customers

2,800
PECO employees

Our service area:

- Electric and Natural Gas Customers
- Electric Customers
- Natural Gas Customers

10% commercial/industrial
90% residential customers

AWARDS & HONORS

We're proud to be recognized for our contributions to our community and industry.

- + **2022 Philadelphia Foundation Civic 50 Award** – recognized as one of the 50 most community-minded employers in the Greater Philadelphia Region
- + **2022 ENERGY STAR® Partner of the Year Sustained Excellence Award** – recognized for the seventh time for outstanding leadership in reducing customer energy bills and tackling climate change
- + **2020 Environmental Champion by Cogent** for demonstrated dedication to environmental stewardship
- + **Recognition for Ongoing Commitment to Safety** – The American Gas Association
- + **LEED Gold Existing Building Operations + Maintenance (EBOM) Award** – to PECO's Philadelphia Headquarters
- + **Top Ten Utility Company for Promoting Economic Development** – Site Selection Magazine, 2000-2006 & 2016-2021
- + **Tree Line USA Certification since 2019** – recognized for best practices in utility arboriculture, demonstrating how trees and utilities can coexist for the benefit of communities and citizens
- + **Certified since 2008, ISO 14001 Certification** – an internationally recognized standard to help organizations minimize their impact on the environment

INFRASTRUCTURE & INVESTMENTS

\$6 billion in infrastructure improvements during the next five years

During the next five years, PECO is investing approximately **\$6 billion** across its electric and natural gas systems to inspect equipment, complete targeted infrastructure enhancements and corrective maintenance, invest in new equipment, and perform vegetation management work. This investment includes **PECO's Reliability & Resiliency Plan**, which outlines the investment of **\$1.36 billion** on targeted reliability-focused electric system infrastructure investments through 2025.

We are committed to delivering safe and reliable energy to our customers and the communities we serve. We operate:

421 power substations

More than 13,400 miles of natural gas distribution and service lines

30,500 miles of distribution and transmission lines

16,900 miles of underground cable

29 gas gate stations

ENERGY MANAGEMENT

Our award-winning suite of energy efficiency programs helps customers save energy and money

- + Since 2009, customers have saved more than **4.8 million megawatt hours** of electricity, enough electricity to power more than 660,000 typical U.S. homes for a year
- + **\$375 million+** in savings through rebates and incentives were realized by customers since programs were launched in 2009

ENERGY FOR ALL

- + **Over 118,000 customers** currently enrolled in our Customer Assistance Program (CAP)
- + **Approximately 18,000 PECO customers received approval for utility bill assistance** through the Emergency Rental Assistance Program (ERAP), a government program that helps renters with financial challenges related to the COVID-19 pandemic including the loss of utility services
- + **Over \$9 million spent annually** to perform energy audits and related remediation measures for low-income customers through our Low-Income Usage Reduction Program (LIURP) and suite of programs
- + **Over \$33 million in grant assistance** provided to our vulnerable customers base through the Low-Income Home Energy Assistance Program (LIHEAP) from 2021-2022

INNOVATION & TECHNOLOGY

We're providing more flexibility to our customers and keeping them better informed.

- + **Smart grid and meter technology:** Providing the foundation for new energy efficiency solutions, enhanced service reliability and customized energy options for our customers
- + **Innovative Access To Information:** Receive information anytime, anywhere about outages, energy usage, billing, payment services and more

PATH TO CLEAN

We're building on our commitment to protect and preserve the environment and combat climate change by playing a leading role in the Greater Philadelphia region's transition to a clean energy future.

- + As part of our Path to Clean goal, PECO and the collective Exelon utilities will **reduce our operations-driven emissions by 50 percent by 2030** and achieve net-zero operations-driven emissions by 2050. We're doing this by:
 - Electrifying our vehicle fleet
 - Focusing on energy efficiency and seeking clean electricity for our buildings and operations
 - Modernizing our natural gas and electric infrastructure to minimize emissions and enhance safety and reliability
- + **We are modernizing our energy infrastructure to make it more resilient in the face of intensifying weather patterns**, investing in research initiatives, advocating for energy efficiency, solar, and transportation electrification policies, and partnering with customers and communities to help them meet their climate goals
- + We will continue to support all things green through environmental stewardship and vegetation management efforts. We are committed to **promoting open space, tree planting, and improving the urban and rural tree canopy** across our service territory

Supported conversion to natural gas in more than 19,000 homes during the past 10 years. This reduction is equal to planting 2.4 million trees or not driving 250 million car miles

Reduced emissions associated with the natural gas distribution system by **approximately 25 percent since 2015**

Invested more than **\$2.6 million in Green Region Grants** to promote open space and tree planting since 2004

Donated \$200,000 to support the Pennsylvania Horticultural Society (PHS) as part of our ReLeaf program to support tree planting and education across the Greater Philadelphia region

Distributed more than **\$375 million in energy efficiency rebates** and incentives since 2009 to help customers save energy and money, and reduce their environmental footprint

GIVING BACK

- + **Over \$7 million** contributed last year to support community initiatives and non-profit organizations
- + **17,000+ volunteer service hours** logged by employees in support of community initiatives
- + **170+ non-profit boards** served by PECO employees
- + **\$1.1 million given to COVID relief efforts** to help support our communities
- + **Over 13,000 trees planted** throughout PECO's service territory

DEI INITIATIVES

- + **PECO and Exelon have collectively donated \$1.5 million** for the Exelon Endowed Scholarship Fund for Women and Minorities which has awarded scholarships to more than 330 students through the Drexel Exelon Scholars Program
- + **Exelon invested \$36 million in a newly established Racial Equity Capital Fund**, managed by RockCreek, a leading global investment firm, to support minority-owned businesses
- + **23 new hires from PECO's Pre-Apprentice Helper Pool Program:** 82% identified with community partners, 80% of the class was diverse, and 20% of the class were female
